PAYMENT POLICY

The Pediatric Feeding Institute of South Florida, is an OUT OF NETWORK PROVIDER, and as such:

Pediatric Feeding Institute of South Florida, LLC, will bill your insurance company as a courtesy to you; however, Insurance coverage is an agreement between you and your insurance company. You will have an out of network deductible to meet before your insurance starts reimbursing for services. You will be asked to pay your estimated payment/co-pay each visit, with the understanding that whatever your insurance does not pay will be your responsibility. You are responsible for your child's evaluation and therapy charges even if your insurance has promised payment and then denies such benefit.

Pediatric Feeding Institute of South Florida can help you keep track of your child's allowed yearly therapy visits with insurance. Most insurance companies allow a certain amount of Speech and OT visits. Often these visits are counted as combined. We can only keep track of the visits your child receives while at the Pediatric Feeding Institute of South Florida. It is your responsibility to keep track and let us know when you are close to the end of your allowed number of visits.

PLEASE READ BELOW AND CHOOSE THE OPTION THAT BEST FITS YOUR NEEDS:

_____OPTION 1: We will collect your estimated payment/co-pay accordingly to what the insurance reimburses at each session. You are responsible for the difference between what your insurance company pays and your therapy session rate.

_____OPTION 2: PRIVATE PAY not using insurance benefits

Any outstanding account balances will be charged to the credit card on file if no payment is received within 30 days of receiving the emailed invoices or if your account balance reaches $500.

As an essential medical healthcare facility, the office will remain open for a limited number of patients at a time. Families have also been offered the Telehealth therapy option.
